

## AVALANCHE OF VOTES SWEEPS TAFT INTO PRESIDENTIAL CHAIR

### FAYETTE COUNTY WILL GIVE REPUBLICANS BIG MAJORITY.

Entire County Ticket Will Be Elected According to Indications Received at Noon—Many Districts Not Yet Heard From.

Fayette county election returns, although extremely slow in coming in, lead to the election of Congressman Allen F. Cooper and the entire county ticket, the Presidential nominee having the county by at least 2,600 plurality. With incomplete returns estimates at noon were that Cooper would have at least 4,000 plurality in the district, and everything points to this being increased at least 1,000.

The closest fight which will only be determined by the vote of all the districts in the Second Legislative District, Carroll, beyond any doubt will lead the ticket with a plurality of something like 2,600. The fight narrows down to Higginbotham, Johnson and Goss with the latter, a Democrat in close running with both Higginbotham and Johnson. There is a possibility of Goss coming out in this fight, as the House interests in cutting Carroll threw their strength to Goss. This is the only part of the Republican ticket in doubt but it is taken from the indications and a summary of the districts already received that Goss will be a loser by a narrow margin Johnson being perhaps the lowest man on the ticket. Of 2 districts already tabulated of the 5, the votes stand:

Carroll 403  
Johnson 859  
Higginbotham 878  
Goss 748  
Howard 748

In the First Legislative District, Larkin is a winner by between 100 and 500 over Frank G. Christopher, Democratic and Prohibitionist. The Prohibitionists did very little in the district, and Larkin was given heavy Democratic support.

Hutchinson, Republican for County Treasurer, will have a safe majority over Hankins, Democrat, or not less than 500.

William McClelland, for Prothonotary, made a remarkable run and the Republican leaders believe that his majority over Barker, Democrat, will be at least 3,000.

The Commissioners will be Whitford S. Blunck, John S. Lunsley and Effie McClelland. Democrat, Langley appears to be leading the ticket and should have a plurality of 2,000. His strength was particularly noted in Southern Fayette county.

At noon today, but 50 election districts out of 90 in the county had been received at the Court House, and many of these were secured through the telephone service. It is expected that the judges of election will start bringing in the figures this afternoon. At 11 o'clock this morning the Second and Fourth wards in Uniontown had not been counted out.

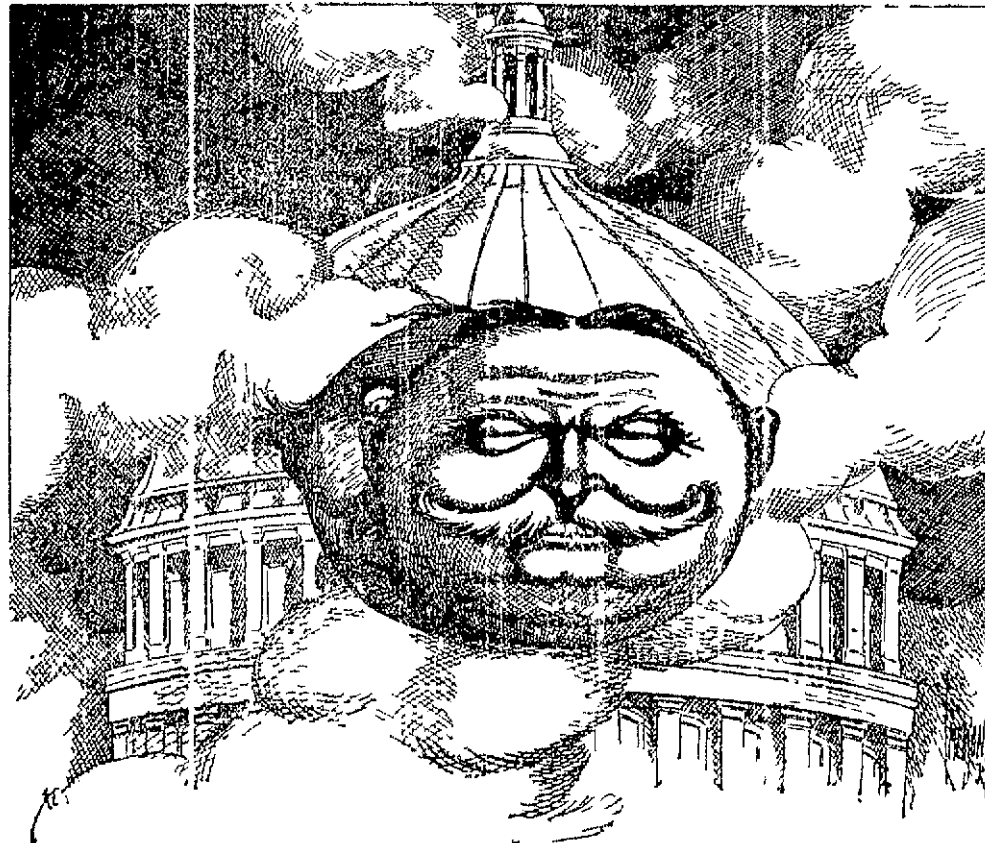

The delay in securing the results is due to the large number of split tickets and also to the length of the ticket vote.

The result of the election indicates that the Prohibitionists have far exceeded the vote of the Socialists and the large vote claimed for this party has not materialized. Although the Prohibition vote was larger than the Socialist vote, William Larkin, for Congress, has polled a very small vote, and this is especially true in districts that have been regarded as having a Prohibition tendency. Another feature of the election was the fact that many Democrats did not cast ballots at all and neither did the colored brethren, who have always been so smiling all parties for money to vote did not get in this time. The better class of colored voters cast their ballots in all districts but the farmers were not present.

Following is the vote of the only big districts received up to noon today:

**Brownsville Township**—President Taft R. 44 Bryan D. 37 Chairman F. T. Judge of Superior Court William D. Porter R. 40 Webster City D. 18—County Treasurer Allen J. Cooper J. 21 Milton G. ## THE COUNTRY IS SANE AND WILL BE SAFE.

The emphasis in which the citizens of this country have for the third time repudiated as a candidate for President William Jennings Bryan today called by his devoted followers the Fearless Leader proves conclusively that the people remain firm in the faith that the government of the nation is safe in the hands of Republican administrations and under Republican policies than under Bryan and his peculiar ideas of statesman ship.

The Courier congratulates the Republican party on its victory but even more earnestly, more thankfully, more sincerely, does it congratulate the people of all shades of political belief upon the assurance that the Republican policies which have made this nation great and which will make it greater which have already lifted it from the week and ruin of a short lived financial panic and which will soon set it upon the high road of prosperity again have been approved and will be continued.

We especially congratulate the workman on the sound common sense which prompted him to continue his trust in the party which has always stood for his interest and which still stands for that interest in spite of the efforts of office seeking leaders who would sell his birthright for a mess of individual pottage who for personal aggrandizement and private gain would plunge him into idleness and with his family into poverty and distress, who would in short give him a stone when he asks for bread.

We sincerely believe that the success of Bryan would have acted as a blight upon business, and in opposing his election we have acted from a strong sense of public duty. If we have been emphatic in any of our statements it has been because we deemed it a proper time for the most earnest emphasis of which we were capable. A great danger impended. The warnings against it could not be too solemn, too earnest, too emphatic.

That the country will move forward to better times we cannot doubt. The movement will be gradual but steady. In fact the election of Tift has been discounted in business circles for a couple of weeks past. The upward trend took on an added impetus after Republican success seemed assured. There were many business men who ever with that caution which characterizes the average man of affairs who made contingency preparations. We have already mentioned some of the contracts closed last week which contained the provisional and saving clause that they were not to be operative in case of the election of Bryan.

William Howard Taft, the President elect, has in a peculiar degree the confidence of the country and not without reason. He is a man of judicial temperament of judicial training of administrative excellence and proven ability. He is not impulsive like Roosevelt but he is quite as sincere in his patriotism and he can be relied upon to carry out the Roosevelt policies in a manner that will not be ruinous to any vested interest or to the interests of the country as a whole.

Thanks to the positive Republican success yesterday we enter upon the coming year with that confidence and hope that begets hope and confidence and which in turn begets business activity and general prosperity.

## NO MARKET FOR VOTES.

It is reported that the purchasable portion of the Conneltsville vote held back all day yesterday and many of them did not vote at all because the usual bribe was not in evidence. Both political parties are to be congratulated on this fact. It is evident that this vote was not essential to the result and it is true such unworthy suffragists were given to understand that political corruption has come to an end in Fayette county, and that the practice of paying the citizens for voting a practice which ruined the morals and the pulses of half of Greene county, will no longer be encouraged here.

No words of condemnation are too strong for the colored voters who were conspicuous in this despicable movement. They owe an eternal debt of gratitude to the Republican party, and as long as the Republican party remains steadfast in the faith of Abraham Lincoln so long should the negro voter above all others be steadfast in its support.

## THE FOLLY AND FUTILITY OF THE DOUBLE-CROSS.

The returns indicate the election of the whole republican ticket of Fayette county by pluralities ranging from a few hundreds to 2500. The national ticket will have approximately 2,000 plurality. This is a normal plurality. No candidate on the ticket should have fallen below that figure, and none would have done so but for selfish opposition.

The folly of this opposition is shown in the returns. The liquor element opposed the election of John S. Carroll to the Legislature because he had exhibited symptoms of being favorable

to a Local Option bill. To defeat him they centered their strength on Charles C. Ross, Democratic candidate. With the result that Carroll who was supported by the Prohibitionists, holds the poll, while the two other Republican candidates whom this dissatisfied element supported heavily are running neck and neck with a Democratic candidate. The last condition of the liquor interests is no better than their first while the Republican condition is much worse. It will be to a Republican candidate to appeal. If they have defeated a Republican candidate in Fayette county their standing will necessarily be much impaired. Whether this element has succeeded in defeating a Republican candidate for the Legislature or not cannot be stated at this writing, but it is certain that their fight on the Legislative ticket affected the remainder of the ticket in a greater or lesser degree. We learn that some of the candidates charge other candidates and political leaders with having worked against them. These are serious charges which should not be lightly made. It must be remembered that political leaders cannot always control their friends because their friends are personally not a wise and tolerant or politically as faithful and earnest in the interests of their party.

One have already stated, however, if any have been traitors to the cause they shall surely find them out and once convicted their political careers are blasted.

## A PAIR OF FALSE PROPHETS.

In 1896 William Jennings Bryan the vaunting tagline, Liberator and savior of the world, was elected President and declared and solemnly affirmed on his honor as a true prophet and a Tribune of the Common People.

If McKinley and the Republican party are true prophets and a Tribune of the common people, they will have decided that the election of Bryan would mean the ruin of the People, the ruin of the Nation, the ruin of the Union, the ruin of the world. If they are true prophets and a Tribune of the common people, they will have decided that the election of Bryan would mean the ruin of the People, the ruin of the Nation, the ruin of the Union, the ruin of the world.

Both are false prophets. The election of Taft means just as much in 1908 as the election of McKinley meant in 1896 and possibly more.

Some of the sharpshooters who put out the shot which killed Bryan for the first time, John D. Rockefeller did not vote for Taft but for the other side.

Frank Taylor returned the first Liberty Bell.

The Courier's election predictions were pretty close. The Republican ticket was elected by a landslide of 25,000 votes, in its first election.

As a Political Weekly Summary Gompers is making the Absorption.

Uncle Joe Cannon also triumphed in spite of the steady opposition of Warwick Gault.

It was a landslide all right.

New York and the City of East is still the Liberty's country.

Democracy is on top in Conneltsville. No one in Fayette county is not a Democrat.

And over all was sunshine.

## Why Pay Rent?

Rents are high in Conneltsville. Real Estate is high in Conneltsville. Building lots are a bit of a tight in Conneltsville. They are beyond reach of most workingmen. It is a sad state of affairs.

The Conneltsville Extension Company have 100 cheap and desirable lots.

You can have one or more of them on your own terms. They are cheap enough to be within your means. If you haven't the money to build the Building & Loan Association will furnish it.

The payment of the loan will not be more than your present payment of rent.

In about eight years you will own your own home and won't miss the money you have paid on it. In his worth while.

South Conneltsville has a Public Service City Water, Natural Gas and 12 title light at the modern convenience and the lots are being sold at from \$40 to \$50 on your own terms. Come and see what we can do for you.

John Miller, once a United States marshal in Utah, was sitting in his office at Salt Lake City one day when a well-dressed and intelligent-looking man entered and addressed him. "I was confident that I knew the man," said then in recalling the circumstances, "but I was not able to place him. As we conversed pleasantly it gradually became impressed upon me that he was an old Kansas acquaintance, perhaps some one I had known at the university, but he spoke so cordially and with such an assumption of his knowing me and my knowing him that I did not have the nerve to ask him who he was. He talked on till finally I invited him to my house for dinner, but all the time I was taxing my mind to learn his identity and watching for a chance word that would give me a clue.

"By the way," I said at last, "when did you come out from the States of culture?" "Oh, I got out last night. You see, they cut off nine months for good behavior."

"Then it broke over me. My guest was Peter Curry, a celebrated mail robber, whom I had taken in the penitentiary just three years before."

A Market For Cows.

The garden of the new house of the Rev. Mr. Brown backed against the play yard of an orphan asylum. Eight-year-old Johnny Brown was allowed to scold the fence and play with the orphans. Presently Mrs. Brown noticed that her apple supply was dropping low. She asked Master Johnny if he were not eating a good many apples for a small boy.

"Yes, mother," he replied. "I got to."

"Oh, indeed?" queried Mrs. Brown. "Are you quite sure?"

"Oh, yes, mother; they're needed! I just got to eat all I can stuff down."

"Because?" said Johnny earnestly, "the orphans need the cores."

Roger Minto Sherman while arguing a celebrated case said that his opponent could not prove his point then he said out a hair longways.

While he was still talking the opponent, who happened to have a very sharp knife, pulled a hair from his beard and split P. As he held it up the court began to laugh, and Mr. Sherman calmly called out, "I said a hair, sir, not a bristle."

## A PROCLAMATION

Whereas, the people of our city have been led to purchase so-called remedies from which they have received no benefit whatever, and having thus wasted so much hard-earned money, it has come to pass that they know not what to believe.

Inasmuch as this unsatisfactory state of affairs exists, KNOW, THEREFORE, ALL PERSONS who are in need of such a medicine that we will supply them with VINOL on a POSITIVE GUARANTEE that if it does not succeed in benefiting them we will refund the entire amount of money paid us for it.

There is no one medicine that will cure everything, but there are some we know to be honest, reliable, and of great curative value. Such is VINOL; it is not a secret medicine,—just peptonate of iron, wine, and all the curative extractives of cod liver oil, combined. We are familiar with every particle of it, and KNOW that it should benefit every one who uses it.

Could any offer be more fair than this? You are ill; we offer you medicine which we believe will help you, and if it does not we will return your money. Is there anyone foolish enough not to accept this offer? You owe it to your family, to your friends, and yourself to try this medicine which we give you our pledge is a genuine cod liver and iron preparation of good merit.

We unhesitatingly recommend Vinol as a Body Builder and Strength Creator for Feeble Old People, Delicate Children, Frail Women, All Run Down Persons, and Those Needing a Good Tonic after the Grippe or any Severe Illness, and for Chronic Coughs, Colds and Bronchitis.

Do you think we could afford to lend our name to its praises, as we have been doing in the newspapers, if we did not know VINOL to be an honest and unusually valuable remedy for the ills for which it is prescribed? We certainly could not; we therefore ask you, our neighbors, friends and acquaintances to accept our assurances that this is a genuine offer, and that any and all persons who need a medicine of this character should feel a sense of security in accepting it.

You will absolutely be under no obligation to us whatever, if after you have tried one bottle of VINOL, and have not received any benefit, you have only to tell us so, and we will return the entire amount of money you paid us for it.

VINOL is an old and valuable remedy improved by modern science—tastes good and agrees with every one.

Call and get a bottle to-day. You won't be sorry.

GRAHAM & CO., Druggists, Connellsville.

You can get Vinol at the Leading Drug Store in every Town and City in this State.

## NEWS OF A DAY IN SCOTSDALE.

**Whistles Told of Republican  
Victory Early This  
Morning.**

**WEDDEL AND PRITTS' HOME VOTE**

**Both These Men Were Signally Recon-  
nized by Their Fellow Citizens—Ma-  
jority Rule Forged Ahead of Demo-  
crats.**

SCOTSDALE, Nov. 4.—At 1.15 this morning there was a continuous blowing of the mill whistles about town, and these whistles were interrupted for a long spell. The sound of the mill whistles was not mistaken by any one as a signal that Democratic victory had been achieved. Instead everyone was convinced by this signal that William Howard Taft, from all news over the country, had been chosen as the next President. For the one defeated there was the saying that he will be run again in four years. He is the best man we have, say the Democrats.

It was rain the next day, for after Taft was elected the rainfall came along this morning. Not much early it is true but with good prospects for the day.

Yesterday was an ideal Republican election day, pleasant from beginning to end just such a day as is counted to bring out a Republican vote. And the voting began early and was kept up steadily all day. There was no disorder about the polls and but comparatively few challenges. In comparison with the uniform primaries the day was calm and peaceful. As summer is so a winter storm. The boards had a long job counting up the vote, the 34 presidential electors being the worst in making out the tally papers. But all the boards got through really earlier than was expected.

The streets were full of people all evening, and Pittsburgh street from Stoner street down to Broadway was congested early in the evening with crowds, waiting for the news which was being received at a number of places. It was thrown by a stereopticon from the window of Col. W. P. Hurst's office in the Elks building across on a sheet hung on the Hill House, was read at the Y. M. C. A. rooms, was received and bulletined by the Observer at T. H. Rutherford's and was read out at the family theatre on Broadway to a big crowd. The Baptists had a social in their church and a crowd was received there. There was much noise and music on the streets. The G. A. R. band was out in disguise carried over from Hilloween as was hundreds of horns, cowbells and rattles, that made a noise enough to wake the country.

In the voting in the town Taft and Sherman led the ticket all tickets in fact with 351. Copeland for State Senator led the Democratic ticket getting 371 votes to Bryan's 413. Col. Huff for Congress was safe in this town getting 305 votes to Silas Kilner's 340. The people prefer the old Republican to the Democratic although he is a good fellow, too. For the Assembly the three Republican candidates, Dr. D. P. Weddel in his home town got 481, C. L. Shuck 433 and D. B. Sullivan 432. Dr. Weddel received a very handsome vote from Majority Rule or Local Option stens in for the Assembly ahead of the Democrats and this policy through untiring work made their bow in large shape. W. S. Williams receiving 371, C. M. Mitchell 356 and Lyman Louie's 26. Dr. Shepley and Frank McBride, the Democrats got 184 and 220 respectively. Williams was also on the Democratic ticket.

John Jamison for State Senate received 461 votes while C. D. Copeland who led his ticket got 371. Dick for Treasurer got 513 and Dean Clark 318.

For Recorder of Deeds there was much interest since this was Miles Edwa d Pritts home. He was on the Democratic and Prohibition tickets and his fellow townsmen turned out for him in every way. He got 511 votes to Dr. Thomas' 47. Miller and McWilliams for Commissioners lost 2 to 1 over Lauffer and Simpson, the Democrats. Lauffer being ahead of Shup. J. W. Grantham the Prohibition candidate for County Commissioner, got a complimentary vote.

### CONSOLATION.

The Musician Reminded the Poet of the Case of Guernsey.

The musician with a compassionate smile watched the poet returning the frown from his brow. After all he said, your case may live when Marie Correll Weston Churchill and Hall Caine himself are forgotten. Remember the case of Guernsey.

Who was he, the poet is asked. A poet and a violin maker. Guernsey lived in the seventeenth century and at that time everybody thought too thick hence they thought only of music. Music was all they had and they had no other art.

Guernsey has moved to New York and he has a new art. He has a new art and he has a new art.

## The Grove of Habit Has Been Worn Deep in Overcoat Making.

**A Radical Departure from Regular Methods  
Has Produced These Overcoats of Ours.**

Doing the same thing over and over again day after day, year after year has made the most of the ready-for-service Overcoats hackneyed and commonplace.

The makers of our Overcoats have departed from the established order of things employing methods, both in making and designing that have given to these garments an individuality that will appeal to the man who desires that his clothes express his own personality as well as they conform to his person.

The range for choosing is broad both as to fabric and diversity of styles. The leading models, of course, are the conservative Chesterfield and the Military coat, both of which are shown in various designs of style and weave.

Even the coats priced as low as \$7.50 deserve recognition, as even they present characteristics not usually found in garments priced so low. The different models cover a price range reaching to \$35.00.
